Restricting Access to Thesis Form

Personal Details:

DEGREE FOR WHICH THESIS IS BEING SUBMITTED:	PhD Chemistry
STUDENT ID:	000792032
SURNAME (Block Capitals):	SANTOS
FORENAMES (Block Capitals):	YAZMIN
DEPARTMENT:	Chemistry
RCUK Funded:	NO

*delete as appropriate

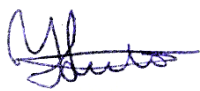

Candidate Declaration:

I wish to restrict public access to my Thesis for period of 1 year on the grounds of exemption(s) allowed under the Freedom of Information Act 2000.

The following exemptions may apply to my material (please indicate clearly how the exemption applies to your thesis. If a clear case is not made, the embargo will not be approved):

<input checked="" type="checkbox"/> The material is due for publication or I am actively seeking to publish this material (section 22)
<p>There are several aspect of the work that are currently being drafted for publication. We have several international groups competing with us and to release the thesis at this stage without the embargo period of 12 months could result in us losing a competitive advantage in terms of publishing. This may result in papers that would be suitable for REF not being published.</p>
<input checked="" type="checkbox"/> Release of the material would prejudice substantially the commercial interests of any person (section 43)
<p>We are in the process of seeking IP protection for aspects of work in the thesis and are therefore seeking restricted public access for a period of 12 months (1 year) in order to explore this in detail. We are looking to do this in collaboration with the DNDi. Publication of the thesis would prevent us from securing IP protection which could ultimately cost the university money in the future with regards to lost commercialisation opportunities.</p>

<input type="checkbox"/> The material includes information that was obtained under a promise of confidentiality (section 41)
n/a
<input type="checkbox"/> The material contains personal information about you or a third party for which disclosure would breach the Data Protection Act or otherwise endanger the health and safety of you or a third party. (section 40)
n/a
<input checked="" type="checkbox"/> Other (please specify)
Our collaborators in Germany (Professor Helge Bode) and Switzerland (Dr. Marcel Kaiser) have asked us to restrict access to the thesis for 12 months. This is because they wish the work that they had collaborated on to be published in a peer review journal prior to the thesis being made public. They have concerns over other groups working in the area taking ideas from the thesis and publishing before us.

Signature:	
Date:	24 th July 2023

Departmental endorsement:

I confirm that I agree with the decision indicated on the form by the author of the thesis with respect to access to the thesis.

Primary Supervisor's signature:	Professor Steven Cobb 
Date:	24 th July 2023

Director of PG Studies signature:	J.A.G. Williams
Date:	13 Sept 2023

This form must be completed by the candidate and returned to PG Administration, Curriculum, Learning and Assessment Service, Palatine Centre, Durham, DH1 3LE.
